

ENGRAVED ON MY HEART.

# Apricots.

FRUITS  
ET LÉGUMES  
DU VALAIS

## Direct sales of apricots from producers, 2021.

Non-exhaustive list.

The Valais experienced a very severe frost episode last April, and only 15% of the apricot crop was saved. Many producers have no crop at all and others have very small quantities. We recommend you call producers to find out what is available.

■ Producers bearing the Marque Valais label
